What Do You See?

August 2016

In June, I was honored to be chosen for the National Association of College Store's Leadership Institute with 24 other campus store employees from across the Nation and Canada. It was an intense 6 week course where conventional thinking was challenged. What makes a leader? I learned that there are 5 critical components of emotional intelligence. They are: Self-awareness, self-regulation, motivation, empathy and social skill. These are all critical pieces of how successful our leadership is, in every aspect of who we are. Our "title" may not indicate that we are a leader, but the truth is simply this... someone is looking to you, yes you, for direction. Direction in attitude, work ethic, team work and more. How do we represent ourselves? What do we choose to do? How do we choose to see what's happening around us?

Is the glass half full or half empty? Maybe it's a glass waiting to be filled. Is it a weed, or is it a wish? Maybe it's a reminder to see your world, your work, your life differently.

What's Up

A HUGE thank you to Doug and his custodial team for working so hard on our floors this last month. They are looking great as we prepare for Fall Term. He spent several late nights working on them and we're grateful for his hard work!

Our New Online Store is Open!

We've been working hard updating the UCC Bookstore's online store. You can even choose to order your books online and check the box to pick them up in the store.
